

Growing Highlights

September 2020

Dear Parents,

Welcome to the Fall Program at Grandma's House! We have lots of new families starting with us. I hope everyone got off to a great school year. I know it is all a little different this year. For my school age families, I wanted to let you know that we will follow all the guidance that we have as far transporting children to and from school. Before getting on the bus, I will take the temperature of each child, and will disinfect the bus after each use. The Hartland South children are the ones that ride every day and they will have assigned seats. Also, we will keep the windows down as much as possible. For the Hartland North children, we will walk as much as we can. It will be important for the children there to come out of school with all their belongings and attire on- we will not be waiting inside anymore at North. A reminder to all school age parents, if your child is asked to quarantine from school, they cannot come to Grandma's House.

I wanted to thank everyone for being so honest and forthcoming about any illnesses and pending tests that keep children from attending. We know it is hard, but necessary to stay open.

We usually have a Fall Family Night, but I do not think we can this year. We might be able to think of something else instead... stay tuned! :) We still are growing pumpkins out back, always fun for the children to watch those grow!
