Growing Highlights

September 2020

Dear Parents,

Ready, Set, Go! Anyone else feel like summer went by quickly? I know so many of you enjoy the cooler temps that Fall brings, but I always get sad when Fall arrives. I do love the colors and the break from the warm, but I can't stop thinking of the evil thing lurking behind Fall.....winter.

Thanks again for being such great partners as we maneuver through this new normal. We appreciate your honesty when we ask all of our questions at drop off. Your answers help keep our teachers safe, the children safe, and our doors open. If you are dropping your child off on the playground, please seek out a teacher to let them know about illnesses, fevers or tests happening (or not happening). Our outside area is large and teachers are spread out around the playground and signing children in, so they can't always run over to ask their questions. We would appreciate your help in finding us so that we can get that information.

As always, my door is always open!

Christie Dapelo , Director
