

## Growing Highlights

September 2022

Dear Parents,

School is in session, swimsuits are being packed away, and here I sit, anxiously awaiting summer to return.....in 9 months. I can never fully appreciate Fall and all it's beauty because all I can think about is the 6 months of winter I have to endure until the warmer temps start arriving again.

September is always a tricky month because we have cool mornings and warm days. It's a great time to go through cubbies and make sure you have some short and long sleeve shirts, as well as a pair of pants and a sweatshirt. And please make sure EVERYTHING is labeled. If you think keeping 1 or 2 children organized at home is hard, imagine what it is like to have 8 or more! Having things labeled makes our jobs much easier, especially when someone like myself is helping in a room and doesn't recognize your kiddos things.

As a reminder, the MyKidzDay App is still the easiest and fastest way to get information to all of the classrooms. If your child will be in late, out sick, has an appointment or someone new will be picking up; please send a message through the app. For anyone over 2, there is no need to record last ate and changed in the app. The information the teachers put into the app is less as well-they typically stop entering what meals and snack were, as well as toileting times for those who are potty trained.

Looking forward to a fun Fall! And as always, please see me with any questions.
