Growing Highlights

September 2023

Dear Parents,

The transition from our Fall Program to our Summer Program, and then from Summer Program into Fall Program are always so busy. The teachers do a great job getting everything ready and helping the children transition, but there are always a few hiccups along the way and we thank you for your patience as we worked through them.

Mr. Randy has been in touch with the University of Wisconsin-Milwaukee about having some of their American Sign Language students and professors come in after hours and put on a workshop for both staff and parents. This is in the early stages of development, but the hope is that they will be able to provide resources for those in attendance as well as teach us simple signs to use. We are excited about this partnership and will let you know the details as soon as

everything is set.

Six brave parents stepped up to be part of our parent group and we are meeting next week to get started. I will keep you posted on what we all discuss!

Only 9.5 months until the Summer Program 2024!!

Looking forward to a fun Fall! And as always, please see me with any questions.
