SEPTEMBER 2026

Dear Parents,

Summer was in full swing this year with plenty of hot weather! Our teachers did a wonderful job keeping the children busy, engaged, and having fun. The under-two classrooms enjoyed lots of water play days to help beat the heat. Our over-two classrooms stayed busy with field trips, watching their gardens grow, water play, and time on the new playground. One of the best things about the new climber is that children ages 2 and older can enjoy the structure. We ended the Summer Program with our annual family picnic at Wiberg Aquatic Center. It was so nice to see families enjoying the pool and lunch together. It is always a special way for families to connect with the friends their children talk about so often.

As the Summer Program comes to an end, we wish Brianne and Emily the best of luck in school this year and look forward to their return next summer. You may have also seen a

couple of new faces around the building: Abby and Sami. They both attend school locally, so you will continue to see them around the building.

Lastly, this year we want to highlight “The Best Things” board outside my office. Each month, Ms. Cassidy collects pictures from all the classrooms showing children learning through PLAY, which is part of Grandma’s House philosophy. Our teachers do an amazing job preparing lessons for the children, and we want to recognize all of their hard work. Be sure to visit the board outside my office to see your child’s classroom in action. We are excited to have this new space up and running as a way to celebrate our teachers and the wonderful learning happening throughout the building.
