SEPTEMBER 2026

Dear Parents,

Did you see that? It was a blur, but I believe it was summer! Like a fun-packed weekend, summer seemed to go by much too quickly. It's all right, though, because our sunscreen field trips to the pool are making way for the excitement of apples, pumpkins, crisp mornings, and fun fall adventures. Every season brings new opportunities to learn, explore, and grow- and we can't wait to see what this season has in store!

With the fall season comes new classrooms and new surroundings. We know that these changes can take a little bit of adjustment, and that's completely normal. Your child's teachers are pros at helping children feel comfortable, confident, and at home in their new room. We're excited to watch them settle in, build new friendships, and discover all the fun that comes with a new classroom.

As the weather begins to change, please remember to update your child's cubby with seasonally appropriate clothing and remember to label EVERYTHING; this will keep it all in your child's cubby.

And to our new families - Welcome! We are so excited to have you join our Grandma's House family We hope you quickly feel right at home and know that we are always here to support you and your child along the way.

Here's to a wonderful September filled with new beginnings, new discoveries, "bumpy bus" field trips, and lots of reasons to smile!
